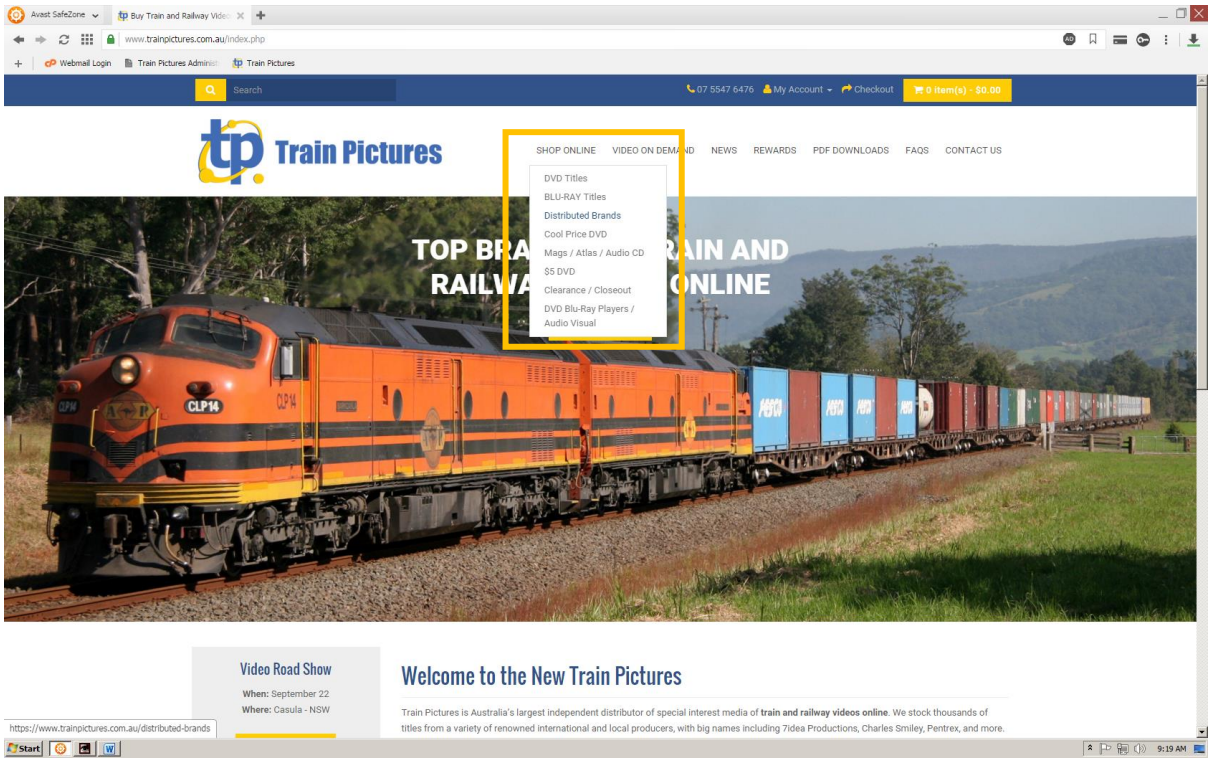
HOW TO - for the Train Pictures Web Site

Search for a Distributed Brand



Use the Shop Online drop down list to start your search. Here we are looking for Broken Knuckle so we start by clicking on Distributed Brands from the Shop Online drop down list and then clicking on Broken Knuckle from the list of brands on the navigation sidebar.

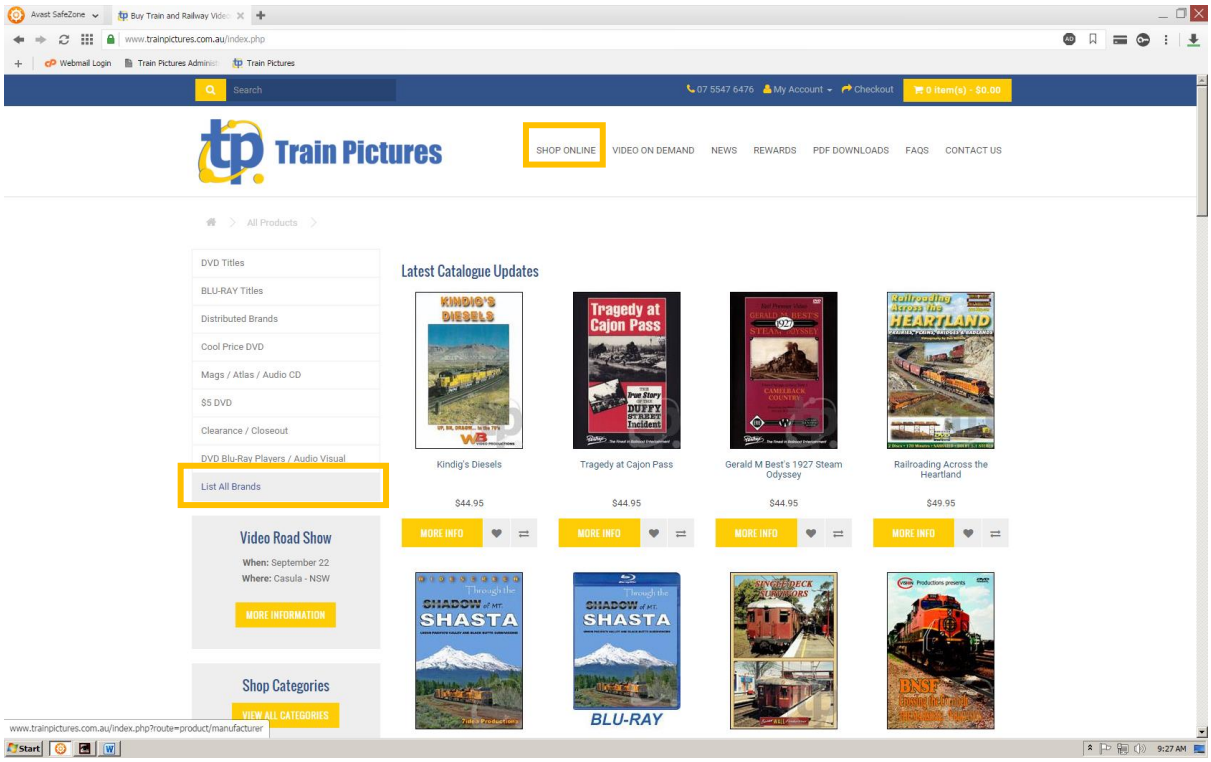
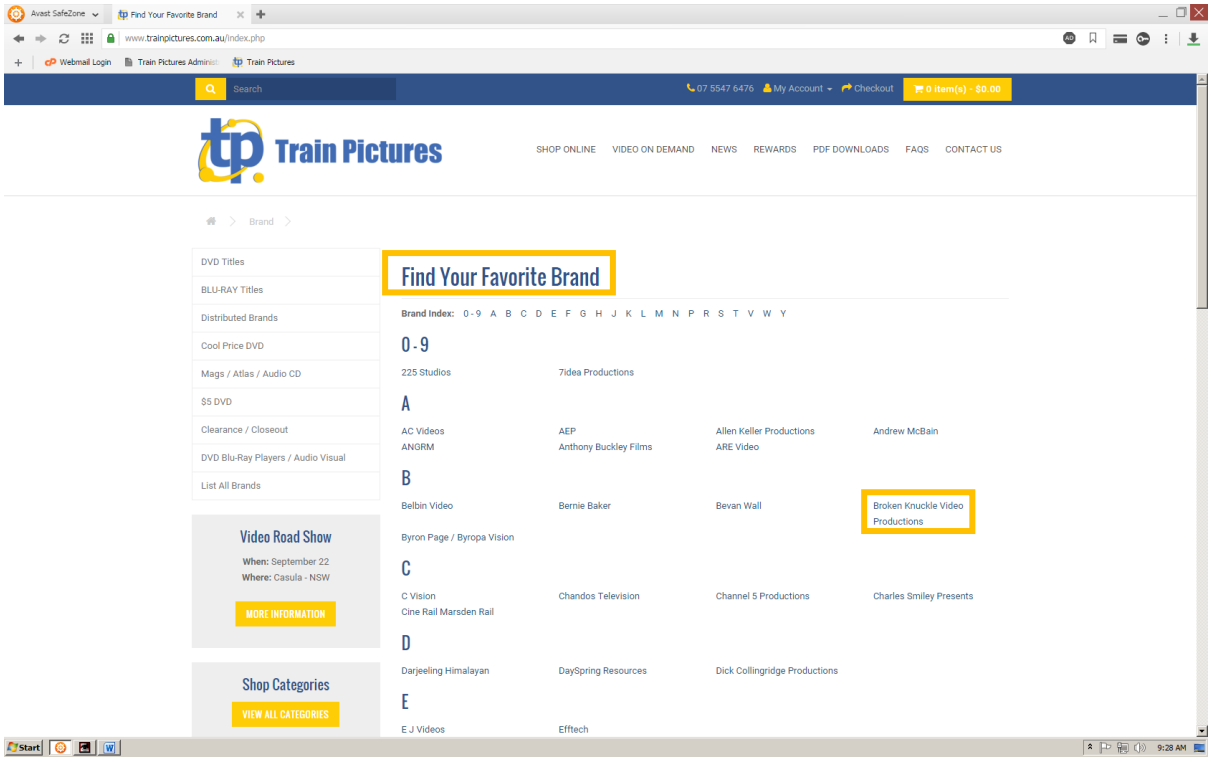
Browse for all the Brands and all the Products

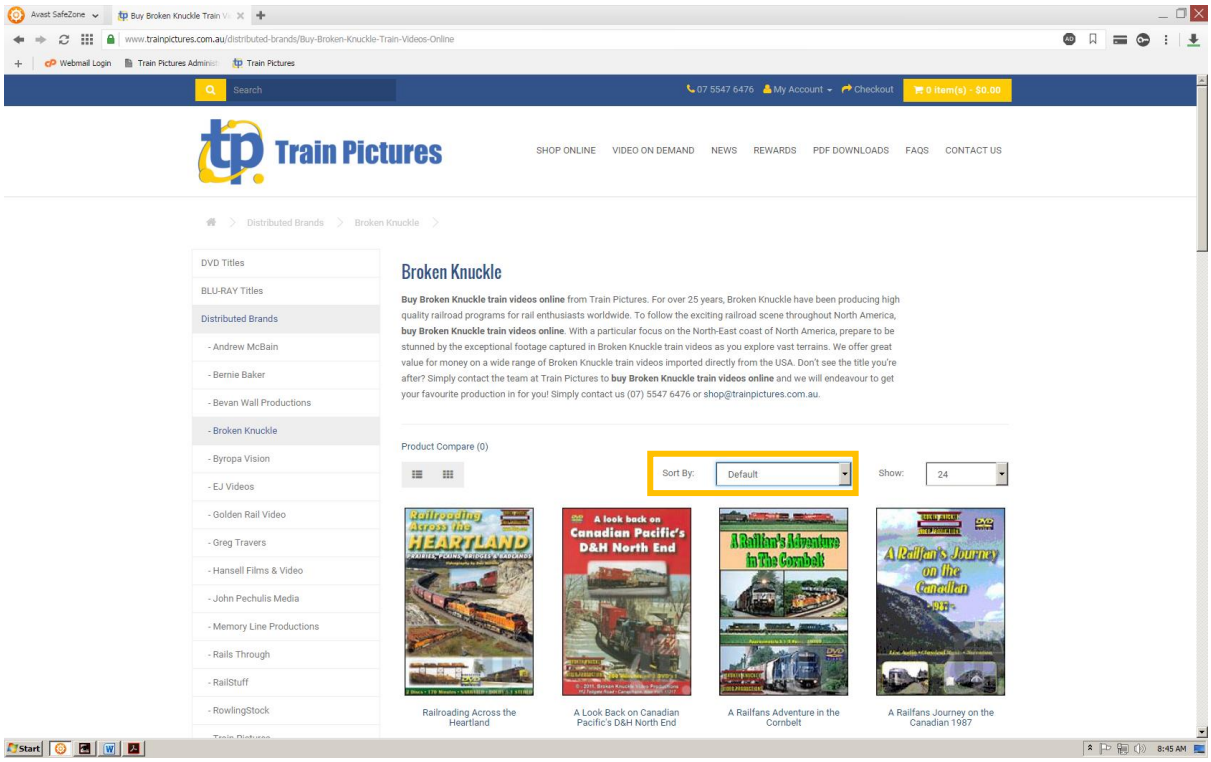


Here we have clicked on the Shop Online link on the top navigation bar and landed on the Latest Catalogue Updates page. Click on the List All Brands link to view all available Brands. Once on the Find Your Favorite Brand page simply click on the brand to list all products from that brand.



HOW TO - for the Train Pictures Web Site

Sort the product listings.



The default Sort By setting lists the most recently added product first. You can select various other sorting methods like alphabetical by Name or by Price or by Model (catalogue number). Click on the drop down Sort By menu to set your preferred method.

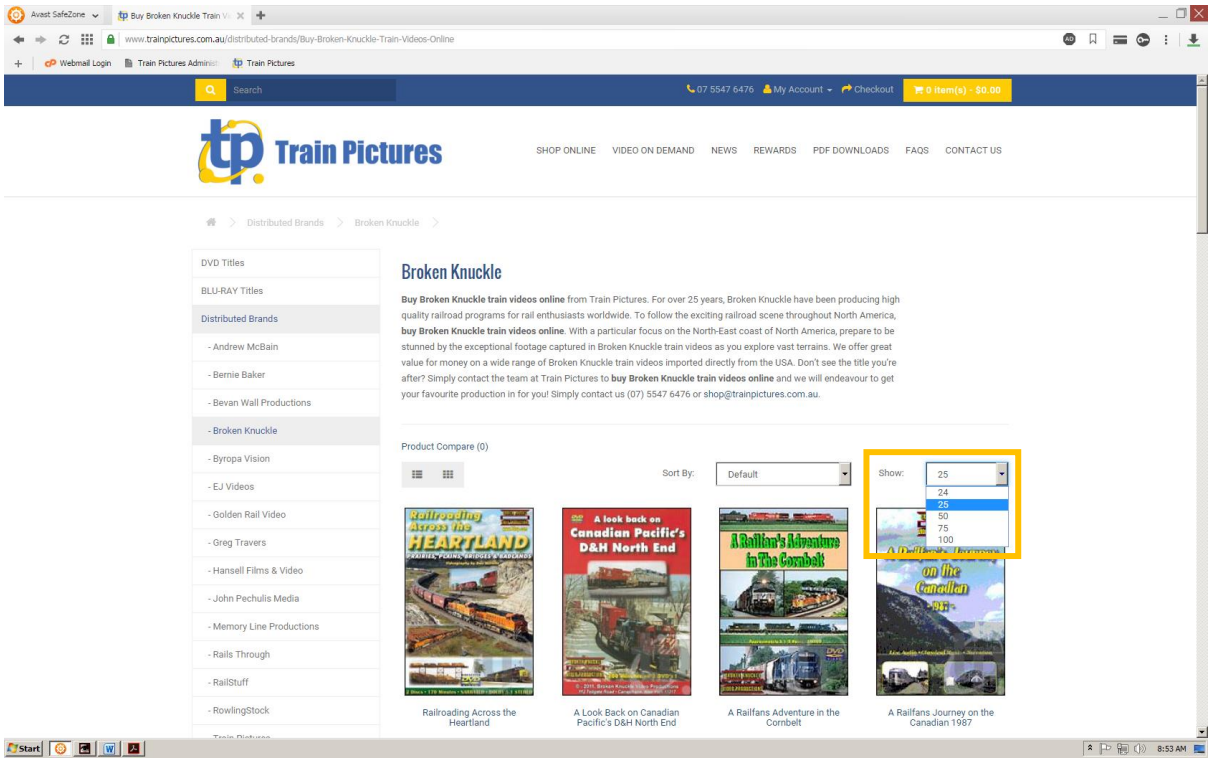
Change how many products shown per page and how many pages.



Changing the Show quantity menu will change how many products are listed per web page, total products and total pages. The default setting is 24 products per page. This also works in the list view. The amount of products and pages is shown at the bottom of the page with page navigation icons.

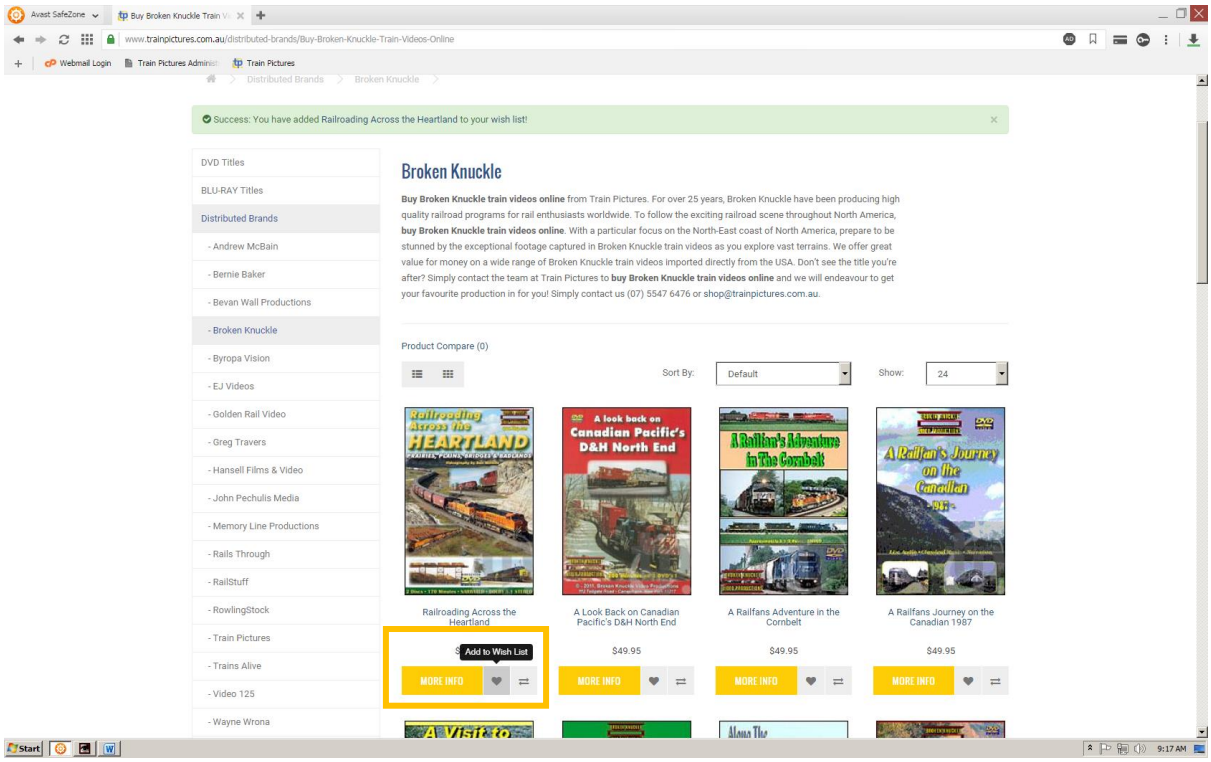
Use the wish list.



You must register for an account to use the wish list. Once registered and logged in you can simply create a list of products that you have some interest in. The list will be stored and available when you log back in so you don't have to waste time searching for the one that got away.
